

AIR SIL PRIME NK50/10/270 TA

Professional silent two-stage belt driven compressor with innovative new design.

New quiet compressor designed with an emphasis on noise level and running costs, without forgoing on design. Designed to meet the highest demands of professional users who require power, efficiency and quiet operation. The extremely reliable 10 hp pumping unit with the newly patented intake filter reduces noise and optimises efficiency. The compact 270-litre tank allows a small machine footprint. The control panel includes all necessary tools, easy access to internal components to minimise downtime.

Technical data
